Our Story

We started like any other company, scaling up and maintaining a consistent service to our customers over the years. We grew our relationships and shared our **15+ years of experience** with those who needed guidance. Our brand is known for being a powerhouse for **exclusive products** such as Mum's Finest Sauce, we provide these products across the nation. This has been made possible by increasing our transport links and setting up in the **3 largest cities in the UK!**

Testimonials

"Lovely 7up Cherry and that Big up sauce reminds me of McDonalds in UAE. This sauce is banging and with a touch of Spicy Algerian DZ the experience is enhanced!"

"Very pleased with Original Foods' service. The quality of their burgers is amazing and the Algerian Sauce, Big Up and the full range of sauces they have is unique in the UK!"

"August & Henri is a 100% Belgian sauce brand! It is the favorite of chip shops and snack bars. Made on the basis of Belgian traditional sauce recipes. Our authentic sauce! This sauce also goes very well with tasty fries or sandwiches based on meat, fish or vegetarian sandwiches. In addition to the traditional frying sauce range, August & Henri also offers our range of vegan sauces."
